Methods for setting remote controller:

This remote controller has the following methods for setup, you can choose any of them.

A. Inputting code:

1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV. Find the three digits code from the code list.

2. Press "SET" button, then press "POWER" button, fill the indicator lamp lights, then release the buttons, the remote controller will be in the state of inputting code.

3. Enter the first set of three-digit code in order when you input each digit, the indicator lamp will flash one time, when you enter all of the three digits, the indicator lamp will turn off, setting to be finished. If the code is more than one set, please use first one at first.

4. Test other function buttons can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

B. Manually searching for the code:

1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

2. Press "SET" button, then press "POWER" button, fill the indicator amp lights, then release the button, the remote controller will be in the state of manually searching for the code.

3. Press the "VOLUME+" button one time, the indicator lamp will flash one time, please pay attention to your TV, see the volume symbol appears on your TV or not, if not, please repeat this procedure.

4. If the volume symbol appears on your TV, test other function buttons except SET, POWER, and VOLUME button can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

C. Automatically searching code:

1. Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

2. Press and hold the "SET" button for about 6 seconds, till the indicator lamp lights, the remote controller will enter automatic search state. Please pay attention to your TV, see the volume symbol appears on your TV or not, if yes, please release "SET" button at once, set finished.

3. Test other function buttons (except SET, POWER, and VOLUME button) can work well or not, such as "MUTE". If not, repeat steps 2 to 3, until you find the suitable code.

D. Point to Point Brand Searching:

1. Turn on your TV set, let your TV set be in the normal state play and aim the remote controller in the front of the TV. Find out the corresponding brand of your TV on this remote control, for example, SKYWORTH is "0".

2. Press and hold the corresponding brand button for three seconds, the indicator lamp will flash, if set to be finished.

3. Удерживайте нажатой кнопку "SET", пока не загорится индикаторная лампочка. После появления символа громкости проверьте другие кнопки (кроме кнопок "MUTE", "POWER" и "VOLUME"). Если другие функции работают, нажмите кнопку "настройка". Индикатор настроится на точку, настройка выполнена.

4. Проверьте работу кнопок на ПДУ. При наличии проблем повторно выполните процедуру настройки, начиная с шага 2.

E. Restore factory Settings

Press "SET" button then press "0", to erase the button, the indicator will flash two times, the remote controller restore factory settings.

1. Включите телевизор и в первом касании нажмите ту кнопку, которая соответствует марке Вашего телевизора.
